

SAFE ENVIRONMENT PROGRAM
ANNUAL UPDATE TRAINING

DALLAS CHILDREN'S ADVOCACY CENTER
"RESOURCES"

DCAC offers a series of topics that help us understand child abuse and abusers under the general heading "**How to protect your Child.**"

Please read the following instructions carefully and make sure you complete all the steps.

1. Click on the link <http://www.dcac.org/safety> or click the mouse icon for this selection on the All Saints Safe Environment Update Training page. This link connects you directly to the website of DCAC. Start with "How to Protect Your Child" and review the information contained in the following sections:
 - Types of Child Abuse
 - Signs and Symptoms
 - Messages on Personal Safety (tips on communication with children at varying ages about this sensitive topic)
 - Child Abuse FAQ's (more answers to the questions you have always wanted to ask)
2. Print the Safe Environment training certificate found on the second page of this document
3. On the back of your training certificate, list 3 or 4 of the most significant pieces of information that you gained from this exercise.
4. Send the Safe Environment Training Update Certificate (front and back) to your parish Safety Officer (mawoods@allsaintsdallas.org).
