

Message from All Saints - *Welcome* Director

We do get many opportunities to improve our relationship with God and our brothers and sisters. One of those opportunities is the ***Welcome*** retreat which is an overnight retreat where the facilitators and the participants lead themselves through a life journey that is life changing.

The next ***Welcome*** weekend is coming up soon and I am inviting all (men and women) to seize this opportunity to renew their relationship with God. Do not let this chance pass by but make a commitment and avail yourself of this wonderful opportunity that has changed the life of a lot of people both within and outside our parish.

Hope to see you on the weekend and May God's grace guide you as you come.

Remain blessed!

Fr. Jovita
