

2020-2021

**ASCS FOURTH AND FIFTH GRADE
SUMMER MATH**

Dear Incoming 4th and 5th Grade Parents,

At All Saints Catholic School, we value a strong foundation in mathematics. Commencing this summer, we will be utilizing an on-line platform called IXL to build fluency. IXL helps students master essential skills at their own pace through fun and interactive questions, built in support, and motivating awards.

All incoming 4th and 5th grade students are required to complete 240 minutes of skill practice in level E or F. They may also work on skill/levels outlined in their individual Diagnostic Plan. Some students may have teacher recommended skills to work on based on the Diagnostic assessment

The following links will provide you all the information you will need to access IXL and the Summer Work Google Classroom.
